

Deans Luncheon Meeting Minutes
February 1st, 2019

Concerns

- Anything broken, let Curriculum Office know
- House Calls - Chuck Alexander of Geriatrics will be changing this schedule to try to ensure that everyone finishes prior to study break; there is a written assignment that can be done if the house call cannot be completed (because of weather, for example)
 - A lot of the reasons for later house calls was weather
 - Graduation requirement
 - Possibly randomize the assignment (not alphabetical order)
 - Importance of house calls - excellent opportunity to see the patients we serve in their own home and see what their real life is like
- Commencement Requirement - Dr. Woleben will send an announcement about this
 - Pick up diploma afterwards (Saturday)
 - No tickets needed for hooding ceremony Friday - highly encouraged to bring family/friends!
 - Saturday (school commencement) - required, seating limited
 - **BOTH are required**
- Pass/fail - no more competency achieved/competency not achieved on our transcripts

Dean Buckley

- Recruitments
 - Chair of Department of Medicine - Dr. Patricia Sime (from U of Rochester - VP of Dept of research) - heavily involved in training and mentorship, medical student and resident training - starting in July
 - Shane Cerone, Interim CEO of Hospital - Former President of Beaumont
 - Chair of Psych search continuing
 - Chair of Derm search
 - Amy Lane - philanthropy team
- Sim Center now accredited for 5 years
- MSV and Dr. Sally Santon - 4 applications for AMA Remaking American Residency Initiative
- Anita (Chief of Staff)
 - Schoolwide strategic planning
 - Timing of school accreditation
- Media communications about the school are growing
 - Medical school website updated - can take a drone tour of the medical school <https://medschool.vcu.edu/>
 - Current Student content is being updated and will be posted soon!
- Health Innovation Consortium - announced by President Rao yesterday - to stimulate projects to improve the clinical system
 - Opportunity for medical students to take part in as well

- Hooding speaker - Chris Colenda, Graduate of VCU SOM, former faculty in Dept of Psychiatry, Chair of Psychiatry in Michigan, Dean of Medical School at Texas A&M
- More scholarships (\$179,000) released to students

Dr. D and Dr. Biskobing

- Board Questions with the Dean - 4 sessions with M1 students - these will be recorded
- Purchase access to USMLE Rx questions - added fee to students tuition - begin in January of next year for incoming class
 - Quizzes required for each course from these questions
- CASPer exam - piloting this year (admissions)
 - Situational judgement test
 - Matches well with current MMI

Leadership Development for Students - AAMC pilot project

- Anita is one of the faculty and planners
- Student feedback is welcomed from M1s - focus group to be created
- Invited to send 1-2 students to the program

AMSA student leadership program - will also be available for students to take part in at a later date

- Institutional membership - all students will be enrolled as AMSA members for entirety of medical school
